Chairman's Greetings!

Welcome, Welcome and Welcome! Thank you for coming out to support our 110th Founders' Day Event. As a second semester freshman, I had a life forming event. I began a journey with three other young men, Phillip Gibbons, Jerron C. Hill and Robert H. Thompson (Deceased). Pledging helped shape my understanding of the world. It introduced me to a new concept of brotherhood, even though I have/had five older brothers.

I was also introduced to Phi Beta Sigma, Fraternity, Incorporated's concept of "Scholarship and Service and Culture for Service and Service to Humanity." This created a foundational bedrock and understanding of how I should move within the world. It has shaped my professional, academic and even ministerial career.

It gave me the belief that I was not alone in my thoughts and journey. The principles that were instilled within me while pledging, provided fuel for helping me change the part of the world in which God had/has placed me. In every academic setting in which I was blessed to matriculate, I discovered and immediately bonded with a fellow Sigma, which was also in the midst of gaining skills and knowledge in their preparation for service. I encountered a kindred spirit; someone who shared many of the values to which I pledged.

I am grateful to A. Langston Taylor, Charles I. Brown, Leonard F. Morse, Ronald E. Williams and Warren Jose Black. I thank God that I was introduced and **received into this "Wondrous band."** God Bless you all; and may you be **rekindled, revived, challenged**, and determined to go forth and serve. After all, "Our cause speeds on its way! Chase It!

Fraternally,

Gary A. Williams

THE HANDKERCHIEF

The hanky first emerged in 2000 BCE Egypt, like white linen cloths, used as a mark of status. There is mention of them in China, around 1000 BCE, worn as scalp protection. The Romans called them 'sudariums,' from the root sudore/to sweat. In India, the telia rumal (hanky) of Andhra Pradesh, used initially to clean temple statues, became a massive export to pilgrims going on Hajj, as did the RMHK, or real madras hanky, which was exported to Africa in huge numbers.

Hankies are not just something we use to sneeze or dab our faces. They have a long history, intimately connected to the culture and sociology of the era they come from. They are still given at weddings as a symbol of marital fidelity, so in Othello, the whole plot revolves around one. They were waved in farewell, used to wipe tears, associated with cowboys, given as keepsakes or as prizes to gladiators.

A Handkerchief is a square of cotton or other finely woven material, typically carried in one's pocket and intended for blowing or wiping one's nose. Handkerchiefs have come to be a fashion statement. It is a sign of distinction and gentlemanly tendencies.

FOOD FOR THOUGHT

U.S. XXX.XX
POETRY

"I graduated in 1978 from Pershing High School in Detroit, MI. What an exciting time and year! The number "78" is one of my favorites. One phase of my life – high school – was ending, and a new one – college – was soon to begin. Years later, I learned that the number "7" is one of God's numbers signifying completion. "Eight" is often used in the Bible as a symbol for a new beginning. Throughout our lives, we are often in transition. One season ends and, without cease, we embark upon a new beginning. These fresh starts can be exciting, daunting, and challenging. Are you facing a challenging situation today? Are you in transition? God knows. He is with you. He loves you. The number "12" represents the authority or government of God. The twelve stars that surround the numbers "7" and "8" represent God's authority over both your transitions and your life. As the seasons of your life change, know that God is sovereign and that He is in control (Jeremiah 32:17 NLT). The Bible says that the angel of the Lord encamps around those who fear Him and delivers them (Psalm 34:7 ESV). This refers to those who revere Him. Is there anything you need with which God can assist? Cast your burden upon the Lord. He will sustain you. (Psalm 55:22 KJV). Talk to Him. He will help you and sustain you through challenging and difficult situations. He will never leave you or forsake you (Deuteronomy 31:8 NIV). Be encouraged. God is for you and God is with you! You are more than a conqueror through Christ Jesus (Romans 8:37 NASB)!"

Lift Every voice and Sing

Lift every voice and sing
Till earth and heaven ring,
Ring with the harmonies of Liberty;
Let our rejoicing rise
High as the listening skies,
Let it resound loud as the rolling sea.
Sing a song full of the faith that the dark past has taught us,
Sing a song full of the hope that the present has brought us.
Facing the rising sun of our new day begun,
Let us march on till victory is won.

Stony the road we trod,
Bitter the chastening rod,
Felt in the days when hope unborn had died;
Yet with a steady beat,
Have not our weary feet
Come to the place for which our fathers sighed?
We have come over a way that with tears has been watered,
We have come, treading our path through the blood of the slaughtered,
Out from the gloomy past,
Till now we stand at last
Where the white gleam of our bright star is cast.

God of our weary years,
God of our silent tears,
Thou who hast brought us thus far on the way;
Thou who hast by Thy might
Led us into the light,
Keep us forever in the path, we pray.
Lest our feet stray from the places, our God, where we met Thee,
Lest, our hearts drunk with the wine of the world, we forget Thee;
Shadowed beneath Thy hand,
May we forever stand.
True to our God,
True to our native land.

A BRIEF HISTORY OF PHI BETA SIGMA FRATERNITY, INC.

Phi Beta Sigma Fraternity was founded at Howard University in Washington, D.C., January 9, 1914, by three young African-American male students. The Founders, Honorable A. Langston Taylor, Honorable Leonard F. Morse, and Honorable Charles I. Brown, wanted to organize a Greek letter fraternity that would truly exemplify the ideals of brotherhood, scholarship, and service.

The Founders deeply wished to create an organization that viewed itself as “a part of” the general community rather than “apart from” the general community. They believed that each potential member should be judged by his own merits, rather than his family background or affluence... without regard to race, nationality, skin tone or texture of hair. They desired for their fraternity to exist as part of an even greater brotherhood which would be devoted to the “inclusive we” rather than the “exclusive we”.

From its inception, the Founders also conceived Phi Beta Sigma as a mechanism to deliver services to the general community. Rather than gaining skills to be utilized exclusively for themselves and their immediate families, they held a deep conviction that they should return their newly acquired skills to the communities from which they had come. This deep conviction was mirrored in the Fraternity’s motto, “Culture For Service and Service For Humanity”.

Today, Phi Beta Sigma has blossomed into an international organization of leaders. No longer a single entity, members of the Fraternity have been instrumental in the establishment of the Phi Beta Sigma National Foundation, the Phi Beta Sigma Federal Credit Union and The Sigma Beta Club Foundation. Zeta Phi Beta Sorority, founded in 1920 with the assistance of Phi Beta Sigma, is the sister organization of the Fraternity.

Serving families for over 100 years with dignified and affordable funerals.
